The complaint form should also indicate that the first point for redressal of complaints is SBMBI itself and that complainants may approach the Banking Ombudsman only if the complaint is not resolved at SBMBI level within a month.
- d) SBMBI should also specify a time frame for resolving customer complaints at each level and further ensure that complaints emanating from rural areas also form part of the same redressal process. For detailed procedures on the grievance redressal machinery, SBMBI should follow the guidelines mandated by the Master Circular on Customer Service in Banks.
- e) SBMBI shall ensure that:

- a complaint in respect of unauthorized electronic transactions is resolved and liability of the customer, if any, established within such time, as specified in the bank's Board approved policy on Customer Compensation, but not exceeding 90 days from the date of receipt of the complaint, and the customer is compensated as per RBI's regulatory guidelines / provisions specified on Customer Protection – Limiting Liability of Customers in Unauthorized Electronic Banking Transactions from time to time;

It is mandatory for the SBMBI to provide to customers:

- Appropriate arrangement for receiving complaints and suggestions.
- Customer education of the complaints handling procedure during new customer onboarding

For customers' accounts that are relationship managed, the Relationship Manager, Private or Personal Banker will be responsible for taking ownership of the complaint and communicating with the customer.

The latter should ensure that requests sent to them by Complaints Cell are replied within one business day. If they require further time to investigate, they should keep Complaints Cell informed with clear target dates so that clients may be notified.

Further, periodic meetings will be held with customers to gather feedback on the quality of customer service. The output will feed into updating SBMBI products & services to align them with customer requirements. Furthermore, it is incorporated as a part of the customer service forum's functions which evaluates this feedback and implementation of the commitments.

4.9. Time frame

Complaints received should be analyzed comprehensively by setting up specific time schedules for handling complaints and disposing them at all levels including branches, zonal and head office. The branch manager should try to resolve the complaint within specified time frames, decided by SBMBI. Communication of the bank's stand on any issue to the customer is a vital requirement.

Additionally, the complainant may use the unique reference ID provided to him to enquire about the status of the complaint at any point during its redressal. SBMBI will be responsible for ensuring timely response to complaints in line with internal SLAs and stipulated RBI timelines. Branch and zonal offices of SBMBI should send an 'action taken report' on complaints received at the end of every month to the Customer Service Department.

4.10. Sensitizing operating staff on handling complaints

SBMBI should ensure that the bank's staff should be properly trained for handling complaints. Imparting soft skills required for handling irate and agitated customers should be an integral part of the training schedule for the staff. It should be the responsibility of the Nodal Officer to ensure that internal machinery for handling complaints/grievances operates smoothly and efficiently at all levels. He/she should give feedback on training needs of the staff at various levels to the HR Department.

5. ONLINE DISPUTE RESOLUTION (ODR) SYSTEM FOR DIGITAL PAYMENTS

- Reserve Bank of India (RBI) had announced introduction of Online Dispute Resolution (ODR) system for resolving customer disputes and grievances pertaining to digital payments, using a system-driven and rule-based mechanism with zero or minimal manual intervention.
- The Payment System Vision-2021 of Reserve Bank highlights the need for technology-driven, rule-based, customer-friendly and transparent dispute redressal systems. As a step in this direction, authorised Payment System Operators (PSOs) – banks and non-banks – and their participants are hereby advised to put in place system/s for ODR for resolving disputes and grievances of customers.
- To begin with, SBMBI shall be required to implement an ODR system for disputes and grievances related to failed transactions in their respective payment systems by January 1, 2021. The SBMBI shall provide access to such a system to its participating members i.e., Payment System Participants (PSPs). Any entity setting up a payment system in India thereafter or participating therein, shall make available the ODR system at the commencement of its operations. The minimum requirements of the ODR system are specified in Annexure 4.
- Based on experience gained, ODR arrangement would later be extended to cover disputes and grievances other than those related to failed transactions. Please note that if the grievance remains unresolved up to one month, the customer may approach the respective ombudsman.

Strengthening of Grievance Redress Mechanism in Banks

The framework for strengthening grievance redress mechanism in SBMBI will have the following major components:

6. ENHANCED DISCLOSURES ON COMPLAINTS

(A) Disclosures serve as an important tool for market discipline as well as for consumer awareness and protection. Appropriate disclosures relating to the number and nature of customer complaints and their redress facilitate customers and interested market participants to better differentiate among banks to take an informed decision in availing their products and services. To ensure provision of relevant and important information in this regard to SBMBI customers and other stakeholders, the current set of disclosures made by the banks are being enhanced as indicated below:

Disclosures by banks

(B) Disclosures currently made by SBMBI regarding customer complaints and grievance redress in their annual report are made in terms of Para 16.4 of the Master Circular on 'Customer Service in Banks' dated July 01, 2015. The disclosures are summary in nature and comprise the following:

Current disclosures made by banks on complaints and grievance redress

- Customer complaints (received by the SBMBI)

7. RECOVERY OF COST OF REDRESS OF COMPLAINTS FROM BANKS

(D) At present, redress of complaints under BO Scheme, 2006 (BOS) is cost-free for banks as well as their customers. Given that the banker-customer relationship is the primary relationship, the main responsibility of customer grievance redress lies with banks. With a view to ensure that banks discharge this responsibility effectively, the cost of redress of complaints will be recovered from those banks against whom the maintainable complaints² in the OBOs exceed their peer group average as detailed in para (F) below. However, grievance redress under BOS for customers will continue to remain cost-free.

(E) To operationalize the cost-recovery framework for banks, peer groups based on the asset size of banks as on March 31 of the previous year will be identified, and peer group averages of maintainable complaints received in OBOs would be computed on the following three parameters:

- average number of maintainable complaints per branch;
- average number of maintainable complaints per 1,000 accounts (total of deposit and credit accounts) held by the bank; and
- average number of maintainable digital complaints per 1,000 digital transactions executed through the SBMBI by its customers.

(F) The cost of redressing complaints in excess of the peer group average will be recovered from the banks as follows:

The aspect of data confidentiality shall specifically be taken care of while designing such parameters.

7. Once a customer has lodged the dispute or grievance, a unique reference number shall be allocated by the ODR system. Facility shall be provided to the customers for tracking the status of the dispute or grievance using this reference number.
