Also, interest will be levied on all cash advances from the date of the transaction until the date of payment.
 - b. The rate of interest may be changed at the sole discretion of SBM Bank.
 - c. The following illustration will indicate the method of calculating interest charges: In the table given below, it has been assumed that the Total Amount Due of the previous month statement has been paid by the payment due date and there is no outstanding amount. The statement date is the 20th of every month. Given these assumptions, interest will be calculated as below:

Transaction Description	Amount in INR
Purchase on 15th Jan 2020	5000
Total Amount Due on Statement Dated 20th Jan 2020	5000
Minimum Amount Due on Statement Dated 20th Jan 2020	250
Payment Due Date 9th Feb 2020	
Purchase on 12th Feb	4000
Payment Made on 15th Feb 2020	6000

Paisabazaar Step-Up SBM Credit Card

Interest Calculations @36% PA	
1. Interest on ₹5000 for 30 Days (15th Jan -15th Feb)	147.94
1. Interest on ₹3000 for 8 Days (12th 20th Feb 2020)	23.67
Total Interest Charged	₹171.61

GST will be applicable on interest charges.

iv. **Interest free (Grace Period):

Please remember that this facility of an interest-free period will not be available to you if you have not paid the previous month's outstanding amount in entirety.

a. The grace period could range from 20 to 50 days.

b. Illustrative Example for the calculation of grace period:

i. For a statement for the period from Jan 20, 2020, to Feb 20, 2020, the payment due date would be 11th March 2020. Assuming that you have paid your Total Amount Due of the previous month statement by the payment due date, the grace period would be: For a purchase dated 25th Jan 2020, the interest-free grace period is from 25th Jan 2020 to 11th March 2020 i.e., 45 days.

ii. For a purchase dated 19th Feb 2020 the interest-free grace period is from 19th Feb 2020 to 11th March 2020 i.e., 21 days.

Thus, the grace period can vary depending upon the date of purchase. However, if the Total Amount Due is not paid by the payment due date, then there will be no interest free period. For cash advances, interest is charged from the date of the transaction until the date of payment.

v. Finance charges for both revolving credit and cash advances:

Description	Charges
-------------	---------

Paisabazaar Step-Up SBM Credit Card

Overdue Interest on Extended Credit		Interest on Cash Advances	
Annual	Monthly	Annual	Monthly
36.00%	3.00%	36.00%	3.00%

vi. Overdue interest charges- to be given on monthly & annualised basis:

Interest	Interest Free Period**	Upto 48 days 3.49% per month 41.88% per annum
----------	------------------------	---

** Interest Free Period: Please remember that this facility of an interest-free period will not be available to you if you have not paid the previous month's outstanding amount in entirety.

vii. Charges in case of default/ Late Payment Fee:

Late Payment charges will be levied in case a credit card account (statement outstanding balance) on customer remains "past due" for more than 3 days. The number of "days past due" and late payment charges will be computed from the payment due date. You are charged a Late Payment Fee if there has been no payment or a payment less than the Minimum Amount Due is received by the Payment Due Date +3 days. Late Payment Fee shall be charged on the outstanding amount.

Illustrative Example for Calculation of Late Payment Charges:

The following illustration will indicate the method of calculating interest charges: In the table given below, it has been assumed that the Total Amount Due of the previous month statement has been paid by the payment due date and there is no outstanding amount. The statement date is the 20th of every month. Given these assumptions, interest will be calculated as below:

Transaction Description	Amount in INR
-------------------------	---------------

Paisabazaar Step-Up SBM Credit Card

Purchase on 15th Jan 2020	5000
Total Amount Due on Statement Dated 20th Jan 2020	5000
Minimum Amount Due on Statement Dated 20th Jan 2020	250
Payment Due Date 9th Feb 2020	
Purchase on 12th Feb	4000
Payment Made on 15th Feb 2020	6000
Interest Calculations @36% PA	

GST will be applicable on interest charges.

Payment of at least the Minimum Amount Due i.e., Rs 100 in the above example, is required to be paid by the payment due date (9th Feb 2020), to ensure that no late payment charges are levied. If minimum amount due is not paid, late payment charges would be levied as per the below table:

Outstanding Amount Due	Charge
Up to ₹100	Nil
Between ₹100 to ₹1000	₹250
Between ₹1000- ₹10000	₹500

More than ₹10000	₹750
------------------	------

Thus, in the above example, since the minimum amount due of ₹250 is not paid by the payment due date of 9th Feb 2020 and since Total Amount Due was ₹5000, late payment charges of ₹500 will be levied on 10th Feb 2020. This charge will also be applicable if you make a payment of less than the minimum amount due by the payment due date. GST will be applicable on late payment charges.

viii. Auto-debit:

- If a customer has registered for auto debit facility towards Credit Card repayment and has selected Minimum Amount Due option then the same will be executed on the due date provided no amount is paid by the customer before the due date. If a customer has paid an amount less than Minimum Amount Due before the due date, then a differential amount would be debited. If the customer has paid an amount which is equal to or more than Minimum Amount Due before the due date, then no additional amount will be debited from customer's liability account.
- If you spend Rs 5,000 and pay back exactly the Minimum Amount Due (subject to a minimum payment of Rs 100) every month, it will take you up to 6 years and 6 months to pay back the total amount. We therefore suggest that whenever your cash flows allow, pay back an amount substantially more than your Minimum Amount Due.
- No merchant refund/cashback/credit due to transactions converted to cancelled transactions / reversals / promotional cashback will be considered as a payment towards the outstanding of the Card. Cash transactions will not be eligible for Reward Points. In case Card member makes an excess payment compared to the outstanding of the Card, there will be credit balance in the Card account. This will be adjusted against the subsequent transactions on the Card. However, no interest can be claimed on this excess credit amount.
